Baritone

Alt (Jazz)
Alto (Jazz)

Tenor (Jazz)
Tenor (Jazz)

Die Sopran- und Bariton-Mundstücke eignen sich für klassische Musik und durch ihre besondere Konstruktion auch für moderne Spielweisen - speziell die größeren Öffnungen.

The soprano and baritone mouthpieces are suitable for classical music and - due to their special construction - for a modern open sound, especially the larger tip openings.

## Classic

Saxophonmundstücke mit Kammer für klassische und moderne Musik

Saxophone mouthpieces with chamber and bore design for classical and modern music

## Jazz

Saxophonmundstücke mit Kammer für Jazz, Rock und Big Band
